

## **DESIGN-DOH**

### **OBJECTIVE:**

To provide a platform in the field of designing for engineering students to put their insatiable minds to test and prove themselves.

### **DESCRIPTION:**

**Design-Doh** is a design oriented event in which various levels will be conducted. One who finishes all rounds( general and complex shaping) along with the final round with their designs will be awarded with Rs 2000/- cash prize and merit certificate. participation certificate will be awarded to every participant. Leaderboards will be displayed after every round.

Level of difficulty will increase with the number of rounds and competition spirit.

### **Instructions:**

- Your participation is only considered with complete design.
- Time and perfectness are major constraints

### **Requirements:**

1. Gloves
2. Clay (optional)
